Dear Rob,

On behalf of Boston College High School, I would like to thank you for the excellent work done this summer on Phase I of our site improvements. You accepted the challenge with a limited summer construction schedule and delivered an outstanding project, on time, on budget and with the highest standards of workmanship. In less than 12 weeks, you transformed our campus and created athletic facilities which now match the high standards we set for our student athletes. The quality of your work has had a very positive effect on the BC High students who use the facilities. Our fields and roadways have also earned praise from faculty, parents and alumni, as well as neighboring institutions and residents, thank you for your efforts.

Sincerely,
